

Certificate in Global Management

It is increasingly important that business students achieve a truly global perspective as they approach their lives and careers. To recognize students who pursue this goal successfully, the Warrington College of Business offers a Certificate in Global Management. The Certificate is available to all graduate students in the Warrington College of Business. The Certificate is designed for the student

who wants a stronger foundation in the international aspects of the managerial disciplines and an opportunity to attend a foreign business school or complete other international work to gain a unique and global perspective. The Certificate is awarded upon completion of requirements. To achieve the Certificate, the student must fulfill *both* requirements A & B, listed below.
