**BUSINESS PERIODICALS:**

You need to develop the habit of reading current business news periodicals (e.g., *Wall Street Journal*, *Business Week*, *Fortune*). The articles will help you see how the strategic management concepts you learn in this course are used in the “real world”. The reading will help you decide on careers and choosing industries and companies for employment. Many sources of “free” business news are available on the World Wide Web. Virtually any business publication is available electronically and free through the UF library.

Purpose of Course:

This course deals with the strategy of organizations. The objective of the course is to provide students with a fundamental knowledge of the theory and application of global strategic management. The course is designed to assist students in:

1. Learning about the theory and practice of strategic management  
2. Applying the concepts and techniques to management problems  
3. Working as a management team on strategic problems

The following are the course objectives:

1. You will understand the role of strategy within society and within an economic system.  
2. You will learn the vital role of strategy within a firm and the necessary relationships

Updated: December 7, 2016
between strategy and profitability.
3. You will consider the various strategic choices and the tools used by managers for making decisions.
4. You will learn key strategy principles and terminology. Because this is a survey course, there is an emphasis on basic terminology and concepts.

*It is strongly recommended that students taking this class have completed marketing, management, and introductory finance.*

**Assurance of Learning Objectives:**

Each program at the Warrington College of Business Administration has developed goals and objectives that express the most valued skills and knowledge that students should be able to demonstrate upon completion of the total learning experiences in that program. The following goals and objectives are specifically mapped onto this course:

**Goal 1: Demonstrate competency in and across business disciplines.**

1A. Demonstrate knowledge and understanding of elements of economics, finance, accounting, marketing, operations management, organizational behavior, business law, information technology, and business statistics.

**Goal 4: Appreciate the ethical and legal aspects of business.**

4A. Define and explain legal, ethical, and social responsibilities of organizations.

**Goal 5: Possess a global perspective on business.**

5A. Describe the key components of the business environment that vary across countries and understand how these differences present challenges/opportunities for the conduct of business.

**Academic Learning Compact:**

The Academic Learning Compact for the undergraduate business major defines the skills and knowledge necessary to master that discipline. Each course within the major plays a particular role, specified by the Student Learning Outcomes for that course. The SLOs for this course have been defined as shown in the chart below.

Course Structure:

Each course topic will feature up to five components:

1. An overview of the topic and materials to be discussed
2. A set of required readings and lecture discussion on the materials
3. A selected case discussion relevant to the topic
4. A film related to the topic
5. A summary of the strategy simulation
Lectures and Cases Videos
You will watch course lectures within the course website pages. You will be responsible for all material presented in lectures. Lectures occasionally will be used to clarify and summarize the text, but will also include material not covered in the text and it is important that you read the text prior to watching the videos.

Proctored Exams
There will be three exams proctored through ProctorU. Exam material will be drawn evenly from all assigned chapters and video lectures. You are responsible for all assigned text material. It is important to note that you MAY NOT DROP an exam. Thus, you are required to take all tests as scheduled. IF YOU MISS AN EXAM, A MAKEUP EXAMINATION WILL BE GIVEN ONLY IN THE CASE OF A DOCUMENTED MEDICAL PROBLEM OR A DOCUMENTED FAMILY EMERGENCY. The materials covered in overviews, the simulation discussions, the additional films, and the video cases are not included in the tests. The course outline contains the breakdown of topics for each exam.

Proctored Cases
Each student will be asked to provide a written response to questions for three mini cases. These cases are proctored through ProctorU. Each case is worth 8 points toward your final grade (total 24 points). Mini case questions relate to the assigned mini case NOT the lecture mini case. The case videos in the course provide an example of how to address the case questions. You should watch all the case videos in order to understand the format for responding to the case questions.

Simulation
Students will participate in a strategy simulation, CapsimCore. Your participation in the simulation will represent 28 points of your final grade and you will be scored on training, practice rounds, competition rounds, your strategy, and your report. You will access the simulation through the course website.

UF Policies:

University Policy on Accommodating Students with Disabilities
Students requesting accommodation for disabilities must first register with the Dean of Students Office (http://www.dso.ufl.edu/drc/). The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation. You must submit this documentation prior to submitting assignments or taking the quizzes or exams. Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.

University Policy on Academic Misconduct
University policy requires that I remind you of the common sense values embodied in the University Honor Code. I assume that you are familiar with the policy on academic honesty as stated on the following web page: https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/. The following pledge will be assumed

Updated: December 7, 2016
in regard to all examinations and assignments: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

Because of the online nature of the class and the use of multiple-choice examinations, some students may be tempted to cheat on exams. DON’T. I do take students to honor court when necessary.

Getting Help:

For issues with technical difficulties for e-Learning in Canvas, please contact the UF Help Desk at:

   Email: learning-support@ufl.edu | Phone: (352) 392-HELP - select option 2 | Website: http://elearning.ufl.edu/

Any requests for make-ups due to technical issues MUST be accompanied by the ticket number received from LSS when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Other resources are available at http://www.distance.ufl.edu/getting-help for:

• Counseling and Wellness resources
• Disability resources
• Resources for handling student concerns and complaints
