

Fisher School of Accounting Alumni Tailgate BBQ/Spring Advisory Council Meeting

After a long hiatus, the Fisher School of Accounting reestablished an old tradition by hosting an Alumni Tailgate BBQ prior to the Florida vs. FAU game on November 17, 2007. The barbeque was held in conjunction with the School's Spring Advisory Council meeting. After an early morning update from Director Gary McGill, the Advisory Council members joined an estimated 100 people to reconnect with former classmates, mingle with faculty, and meet current students. Planning is underway to select a date for next year's barbeque.
