

Fisher School Students enjoy Local Firm Accounting Career Social

On September 5, 2007 the FSOA held its inaugural Annual Regional & Local Firm Accounting Career Social. The social was designed to give students a chance to interact with representatives from the accounting profession in an informal setting. The event was designed to make students make comfortable with recruiting functions and expose them to opportunities in the accounting profession with smaller firms. The dress code was "come as you are" student attire and the firms attending sponsored a buffet dinner. Approximately 200 students attended the event. Two drawings were held during the event for \$75 gift certificates at local restaurants courtesy of CPAmerica International and Doug Thompson. 18 firms from Florida and Georgia participated in the event.
