Golden Gator Awarded to Mr. Kelley A. Bergstrom

Gainesville, FL.-March 6, 2015-The University of Florida aspires to be one of the world's most influential and impactful universities. The Academy of Golden Gators reflects that aspiration by recognizing philanthropists whose courage to care enables UF to touch lives throughout the world. Each year, the Academy honors the generosity and vision of our donors and volunteers, men and women who inspire all of us to make a difference, and who reflect the attributes that embody the best of the University of Florida family.

We are thrilled, but not surprised, that Mr. Kelley A. Bergstrom was a Golden Gator honoree this year. Congratulations to Mr. Bergstrom!
