

2nd Annual Regional & Local Firm Social

On September 3, 2008, the Fisher School of Accounting held its 2nd Annual Regional & Local Firm Accounting Career Social in the J. Michael Cook/Deloitte Student Commons of Gerson Hall. The social gave students a chance to interact with representatives from the accounting profession in an informal “come as you are” setting. This event was designed to make students more comfortable with recruiting functions and expose them to opportunities in the accounting profession with smaller firms. A delicious buffet dinner was served. Sixteen firms located throughout the state of Florida and Georgia participated in the event with approximately 200 students in attendance.
