

JD/MAcc Program

PREPARATORY COURSE CHECKLIST

- Students who have earned a Bachelor's degree, or academic credit, from institutions other than the Fisher School of Accounting must complete the following preparatory courses prior to starting J.D./M.Acc. coursework.
- Students must meet with the graduate advisor to establish that courses taken at other institutions meet the requirements of the Fisher School. Courses deemed not to be equivalent must be satisfactorily completed at the Fisher School. With limited exceptions, these courses do not count towards the 34-semester-hour requirement for the J.D./M.Acc. degree.
- Note that courses taken as part of professional certificate programs, continuing professional education, or on a noncredit basis do not fulfill preparatory course requirements.
