

# Fulltime Job Opportunity: ASP.NET Developer-Atlanta, GA

---

**Position:** ASP.NET Developer – Atlanta , GA FULLTIME

\* Office hours are 9am - 6pm, Mon to Fri, with staff meetings every Fri. at 8am.

**Skills:** ASP.NET, SQL 2005, HTML, XML, AJAX, JavaScript, CSS, JSON, C#, VB.NET

**Job description:** (visit us at [www.bluesombrero.com](http://www.bluesombrero.com))

Blue Sombrero is a fast growing SaaS provider for the recreational sports and soccer industry. We are looking for talented graduates with strong .NET programming backgrounds to join our asp.net development team. Our development team is responsible for the design, development and release of soccer related websites including web-based content management systems, online registration & e-commerce, club management systems and more. The asp.net developer will be responsible for module development. You will work with and learn from a team of other asp.net developers. Our services are all web-based and are built on the Microsoft .NET platform so a solid background developing web-based asp.net projects with Microsoft technologies is a plus.

## QUALIFICATIONS:

U.S. citizens, green card holders and those authorized to work in the U.S. are encouraged to apply. We are not able to sponsor H1b candidates.

**Required** (experience or coursework):

- \*programming in C# and/or VB.NET
- \* Understanding of the IIS and .NET architecture
- \* Strong analytical and problem-solving skills
- \* Fast learner and self motivated
- \* Detail oriented, well-organized, and ability to multi-task
- \* Ability to grasp data and business issues

## HOW TO APPLY:

Submit your resume to **[jobs@bluesombrero.com](mailto:jobs@bluesombrero.com)**.

With 2006 sales growth of 500% and 2007 exceeding those numbers, we are looking for more fun, industrious, talented and enthusiastic people to become part of Team Blue Sombrero.
