EXECUTIVE ADVISORY BOARD

Bruce Mager

Regional Human Resource Vice President
[Macy's East](#)

About Macy's East

Headquartered in New York City, Macy's East is Federated's largest operating division, with 190 stores in 12 states from Maine to Virginia, plus Puerto Rico. We are a significant retailing presence in many major East Coast markets, including Boston, New York, Philadelphia, and Washington, D.C. Closely integrated with our stores is the [macys.com](#) e-commerce site.

As a division of Federated Department Stores, Inc., Macy's East is supported by its own organization, including sales and sales support, store management and regional operations, buying, planning, loss prevention, marketing, visual merchandising and human resources. We are an integral component of the nationwide Macy's team. We closely coordinate our efforts with Federated's other Macy's regional store divisions - Macy's South (based in Atlanta), Macy's Florida (Miami), Macy's Northwest (Seattle) and Macy's West (San Francisco) - to bring fashion and affordable luxury to our customers across America.

You'll find our stores in the best retail locations. They provide interesting and distinctive merchandise assortments, outstanding shopping experiences, and prices that deliver value to our customers.
