

2009 - 2010 Student Advisory Board

Sam Schiller

I am a Food and Resource Economics major with a specialization in marketing and management and I am also working towards a minor in Business Administration. Furthermore, I am working towards the Walgreens Certificate of Retail leadership, which I will be getting this coming fall. My passion for food retailing started when I got a job part time at *Publix*; from there I was able to obtain a corporate internship with *Winn-Dixie* last summer. In which I developed the internship program as well as a company-wide recruiting campaign. I had such a great experience there and continued to work part time at the store while in school. When this summer started, I began the retail internship and again had a wonderful experience, developing several company wide programs. While in school, I've been playing on the UF Ice Hockey team and working part time. I am also heavily involved in the *Retail Society* and *The Entrepreneurship Club*. I plan to work in retail when I graduate and learn as much as I can while working my way up the ladder. Eventually my goal is to become a Senior Vice President of a retail company.
