GENERAL FACULTY MEETING

December 2, 1986 -

MINUTES

ANNOUNCEMENTS: Dean Merten explained that the amendments to the By-Laws as outlined in Dr. Sawyer's memo of October 22, and editorially changed (the section on the Undergraduate Committee), was the only action which will stand. The major impact of the By-Law changes are to have faculty members chair College Committees. Other proposed amendments that were voted on are null and void. Faculty should submit proposed amendments to Dean Merten to be included on agendas for future faculty meetings.

1. Minutes of previous meeting approved as distributed with the modifications as announced by Dean Merten.

2. Retailing Research and Education Center: As an additional item to the agenda, Dr. Bart Weitz gave a description of the College's activities in retailing and described the creation and general mission of the Center. Further information provided by Dr. Weitz is attached.

Mr. Ed Hinnefeld, introduced by Dr. Weitz, was given the floor. Mr. Hinnefeld has been instrumental in the planning for the conference to be held February 16-17, 1987, which will allow leaders in retail an opportunity for input into the objectives and future goals of the College's retailing activities. Faculty were invited to attend the conference and encouraged to become involved with Center activities.

3. Information Services: The Director of Information and Publication Services, Linda Gray, gave a brief outline of the services available through Information Services. The basic areas are:

   a. Print section: Have direct access to UPI and AP wire services.

   b. Television section: Do interviews for release and video tapes.

   c. Photography section: Provide backup for news items as well as portrait photos.
d. Publication section: Have full staff including graphic artists to assist in completion of brochures and other printed materials.

4. Committee Reports:

Undergraduate Committee - Dr. McCollough explained the primary function of the Undergraduate Committee. Four undergraduate committees, Curriculum, Petitions, Admissions and Scholarship, were combined into the present Undergraduate Committee. Representation is one faculty member from each department, the Fisher School of Accounting, and the Assistant Dean for Undergraduate Programs. The Committee will be involved in a review of the undergraduate curriculum of the College, and at the same time consider on-going problems and changes as they occur. Standards of admission and graduation, preprofessional and required curriculum will also be examined.

As part of Dr. McCollough's report, the following recommendations were presented for approval by the faculty:

A. GEB 3121 to be deleted as prerequisite for QMB 3700: Seconded and Passed.

B. Prerequisite for Economics courses be changed as follows:

1. Eliminate ECO 4101 and ECO 4202, or ECO 3100 and ECO 3202 as requirements for:
   - ECO 3114
   - ECO 3203
   - ECO 3423
   - ECO 4622
   - ECP 3302
   - ECP 4403
   - ECP 4613
   - ECS 3403

2. Require ECO 2023 as a prerequisite for above

3. Require ECO 2031 as a prerequisite for ECO 4622

Seconded and Passed.

C. Lower GPA requirement of CIS majors to 2.5 overall and 2.5 preprofessional.

D. Add two marketing electives in the retailing area:

1. MAR Foundations of Retailing; prerequisites are MAR 3023, ACG 2001, ECO 2013, ECO 2023.

2. MAR Retail Management; prerequisite is GEB 3121 and corequisite is FIN 3408.

Seconded and Passed. New course forms are to be submitted for course number to be assigned.

Graduate Committee: Dr. Kramer gave the report on the Graduate Committee. Overheads used giving the members of the Committee, the charge to the Committee, and a list of items to be handled in 1986-87 by the Committee are attached. Dr. Kramer further explained that the Committee handles requests for waivers or substitutions for program requirements and makes admission decisions. Members of the Committee are generally departmental Ph.D. coordinators.

Tenure and Promotion Committee: Dr. Rashad Abdel-khalik gave an overview of the responsibilities of the Tenure and Promotion Committee. In addition to their voting on tenure and promotion actions for the College, they anticipate making some recommended changes in the criteria for promotion/tenure and the procedures to be followed in promotion/tenure reviews; any proposed changes will be presented to the faculty for approval. These recommendations are expected to be presented at the April faculty meeting. This Committee also serves in an advisory capacity to the Dean.
