

Bachelor of Arts in Business Administration **Area of Specialization: *Civil Engineering (CE)***

Description

The College of Engineering offers an area of specialization in Civil Engineering designed to prepare students for careers in civil engineering. This area provides students with opportunities to learn about research currently impacting our nation's infrastructure, environment and homeland security. For career information view: <http://www.crc.ufl.edu/> and <http://www.warrington.ufl.edu/sb/mywcba/enhance/careerdev.asp>

Requirements

Students are required to have a minimum of four classes totaling 12 hours from any of the 3000-4000 level courses listed below and maintain a minimum 2.0 Area of Specialization GPA. Be sure to check course prerequisite requirements. For this area of specialization, students must take the three specified courses and one elective as noted below.
