

Warrington College of Business Administration
School of Business

Erica L. Byrnes

Welcome to the Warrington College of Business Administration!

I am looking forward to working with you as your academic advisor and career coach as you journey through your experience at the University of Florida! In order to help you get to know me a little before we work together, I would like to tell you about my journey at UF.

I came to UF in 1998 as an undergraduate majoring in psychology and philosophy. I quickly realized that the best way to find my niche on such a large campus was to get involved – so I did! In my first year I joined the UF Speech and Debate Team and the following year I joined the Peer Counselors. Through my involvement with the Peer Counselors I realized that I really enjoyed working with students on career and college development issues (career development and planning, time management, stress management, test taking anxiety, etc.). I also really liked being a Gator, so when I graduated with my B.A./B.S. in Psychology and Philosophy I once again entered UF as a graduate student in Counselor Education.

During my time as a graduate student I worked for the WCBA for 2.5 years as a graduate assistant for advising and international programs. As a graduate assistant, I primarily assisted exchange students with course scheduling and advising needs during their studies at UF. I also worked with UF students while they studied abroad. Did you know that each year the Warrington College of Business Administration sends students to study in over 20 different countries?

In August 2005 I completed my graduate program and joined the WCBA School of Business as a full-time academic advisor. As your advisor, I hope to assist you with many of the important questions and decisions that you will encounter while you are at UF. I have learned a lot about resources and decision making during my time at UF, and I look forward to the opportunity to share this information with you!

If you would like to set up a time to meet with me in person, please call 352-273-0165 to setup an appointment with me. Alternatively, you can stop by 233 Bryan Hall during one of my walk-in shifts or send me an email at erica.byrnes@warrington.ufl.edu.

I hope to meet you soon!

Erica
