

Warrington College of Business

Heavener School of Business

Welcome to Warrington College of Business!

As your Academic Advisor and Career Coach I look forward to partnering with you to help you maximize your potential during your time at the University of Florida. At the Heavener School of Business, there are a plethora of programs and services available to you as a student. I encourage you to make the most of these by:

- ◆ Getting involved in student organizations on and off campus in order to develop leadership skills
- ◆ Exploring all of your academic requirements, options, and opportunities (majors, minors, graduate school, research)
- ◆ Getting an international perspective (studying abroad, studying a foreign language, taking courses with an international study emphasis)
- ◆ Enhancing your career opportunities (networking, acquiring an internship, resume development, and developing the skills to interview and interact in the business world)

I am excited to get to know you and to guide you to success in these four key areas. In order to help you understand more about me, here is brief description about me and my educational experience.

I completed my B.A. in Psychology at Purdue University in West Lafayette, Indiana. While at Purdue, I was involved in research and completed a senior thesis. Taking my research project from start to finish, from an idea to a written research paper with my own findings, gave me an invaluable experience. I continued my education and received my M.S. in Clinical Psychology from Indiana University-Purdue University in Indianapolis (IUPUI). As a graduate student, I completed a counseling internship and also worked as an academic advisor for freshman and sophomores of all majors in the University College. From both my counseling and advising experiences, I quickly learned that I enjoyed empowering others to help them on their journey towards personal growth and success.

Your undergraduate years will go by quickly and within them you will form some of the most memorable experiences of your lifetime. The University of Florida offers you all of the tools and options you need to be successful in the future, and I am able to assist you in order to make the most of these as you go on your own journey towards academic and career success. If you would like to set up an appointment with me, you can contact our front desk at (352) 273-0165. You can also email me at michelle.schwager@warrington.ufl.edu, or stop by my office in 333 Heavener Hall. Go Gators!
