S:\UPO\FORM\Handouts\Other Business-Related Majors to Consider 175 & 178.docx
College of Journalism & Communications

**Advertising** major is designed to provide a foundation for advancement to positions of leadership and to prepare students for entry-level positions in account management, media planning, and media sales and research. It also familiarizes students with the design and conceptualization skills necessary for careers in art direction and copywriting.

**Public Relations** major is designed to prepare students for entry-level jobs as technicians (such as producing social media strategies and tactics or effective multimedia news releases), as well as for career advancement as managers (such as formulating a communication plan for a new initiative or forecasting the reputational impact of an organizational decision or action).

**Telecommunications** links the written word, data communications, video, audio, and photography in digital interactive media together. Study is geared toward understanding the many ways humans develop, collect, disseminate, and transfer information through symbols.
