End of Semester Trip - Atlanta

Fisher School of Accounting Council had their end of semester trip in Atlanta on November 19-21. Council visited DHG, Deloitte, and Newel-Rubbermaid. In total, there were 24 members who attended. All attendees had a great time learning about the different companies and visiting the Aquarium.

Laser Tag Social

Council members enjoyed a laser tag social on November 8th. Although the competition was fierce, it was a good way to de-stress before finals. Thanks to everyone who came out!

Concessions

Fisher School of Accounting Council held several successful concessions this semester. During the concessions members acted as cashiers, prepared foods, and got to spend time with other council members during the events.

Can Food Drive

Together, FSOAC and BAP donated 218lbs worth of food to the Bread of the Mighty Food Bank. These cans will be turned into 168 meals this Thanksgiving. Thank you for everyone who participated in our can drive!
