MEMORANDUM

TO: John Kraft
FROM: W. Andrew McCollough 
SUBJECT: Curriculum Changes

The following curriculum change has been passed by the Undergraduate Committee and they have requested that it be presented to faculty at the next College of Business Administration Faculty Meeting for information.

"Removal of the free-elective credit restrictions for CLEP, Advanced Placement, and military science.

M E M O R A N D U M

TO: Andy McCollough

FROM: Craig Tapley 

SUBJECT: Free Electives

The 1992-1993 Undergraduate Catalog (page 71) reads, in part:

"A maximum of 6 semester hours (3 for Computer and Information Sciences majors) of CLEP, Advanced Placement or 1000 2000 level military science courses may be used as electives. A maximum of 6 semester hours in advanced military science courses may be used as electives."

At its meeting of 9/8/93, the College's Undergraduate Committee voted to remove the free-elective credit restrictions for CLEP, Advanced Placement, and military science. It is not clear whether this needs to go before the faculty for a formal vote or simply as an information item. In either case, the Committee requests that it not go before the faculty until the vote on the BABA degree has been finalized.

THUNDERBIRD

AMERICAN GRADUATE SCHOOL
OF INTERNATIONAL MANAGEMENT

David A. Ricks

Vice President
Academic Affairs

July 21, 1993

Dean John Kraft
Graduate School of Business
University of Florida
301 Business Building
Gainesville, FL 32611

*This looks
great - I support it*

[Signature]

Dear Dean Kraft:

As you may know, the American Graduate School of International Management (Thunderbird) is one of the largest graduate business schools in the country (1,500 full time students). It is also the oldest international business program. What you may not know is that it has recently been selected by the U.S. Department of Education as one of the nation's 25 national Centers for International Business Education and Research. Furthermore, *Business Week* recently identified Thunderbird as one of the top 40 business schools in the country.

We are now interested in expanding our linkages with other business schools. Thunderbird, for example, currently has in place a few dual degree agreements with other business schools. These joint ventures give students at the end of their course of study both Thunderbird's Master of International (MIM) degree and the Master of Business Administration (MBA) degree from the partner institution. A sample agreement is enclosed for your study.

Thunderbird is interested in expanding this program to include other major colleges and universities in order to give students a broader base of choices for their dual degrees. We would like to know if your institution is interested in considering such an arrangement.

We look forward to hearing from you.

Sincerely,

David Ricks

David A. Ricks
Vice President
Academic Affairs

DAR/fa

Enclosure

A DUAL DEGREE GRADUATE PROGRAM (MBA/MIM)
BETWEEN
A GRADUATE BUSINESS SCHOOL
AND
AMERICAN GRADUATE SCHOOL OF INTERNATIONAL MANAGEMENT

A Graduate business School, hereinafter known as B-School, and American Graduate School of International Management, hereinafter known as Thunderbird, have developed a dual degree program for graduate students of business interested in the international aspects of business. The program is designed to allow qualified graduate students to earn a Master of Business Administration (MBA) degree from B-School and a Master of International Management (MIM) degree from Thunderbird.

1. Rationale

B-School and Thunderbird have entered into an agreement of educational cooperation in recognition of the increasing importance of international business education and the increasing awareness of such importance by the faculties, administrations, constituencies, governing bodies and accrediting agencies of both schools. The goal of the cooperation shall be to enhance the educational opportunities available to qualified students while making optimal use of the resources and facilities of the two institutions.

2. Both schools currently serve large graduate constituencies in distinct areas of business education. Some students may wish to broaden and deepen their education by extending the period of education to include a program of study at both institutions. The Dual Degree program will enable a student to complete both the MBA and the MIM in a shorter time than would be required for independent completion of the two degrees. The academic integrity of both degrees will be maintained.

3. Requirements

3.1 Admissions

Each institution shall maintain independent control over its admissions criteria and procedures. Students must apply to each school separately and concurrently specify interest in the dual degree program. Students must qualify for regular admission to both B-School and Thunderbird to qualify for the dual program.

Students already attending one of the regular programs may petition for admission to the dual degree program by application through the Dean at the institution of attendance and upon approval by the Dean, to the appropriate office of the other school. Such application shall not normally be approved after the student has completed the second term of a regular program. Such prior approval of the

Dean of the school of attendance shall be necessary, but shall not be sufficient for admission to the program since admission remains the sole prerogative of each school.

3.2 Academic Requirements

Thunderbird MIM Requirements

The regular MIM degree requires a minimum of 42 semester hours. Dual degree students are required to complete a minimum of 30 semester hours at Thunderbird and to satisfy the individual academic department requirements listed below. Business fundamentals courses as defined below may not be included in the required 30 credits. The shortfall of 12 semester hours may be satisfied by the transfer of 12 semester hours of advanced work from B-School.

The Department of Modern Languages has a proficiency requirement which can be met either by a three term sequence of course work or by examination or by a combination of both. Examinations are available from Thunderbird faculty members at the time of initial matriculation.

The Department of International Studies requires 12 semester hours. Three hours of this requirement may be met by examination. An additional six hours may be met by previous course work, though some must be at the graduate level for more than three credits to be satisfied in this manner. A minimum of three semester hours must be taken in the department.

The Department of World Business has a two tier requirement, expressed as the Foundation (introductory business courses) and the Core (intermediate and advanced business courses). It is anticipated that all Foundation requirements and some of the regular core requirements for students beginning at B-School would be met by studies at B-School. Dual degree students are required to take a minimum of 15 semester hours (5 courses) of advanced business course work at Thunderbird regardless of previous course work. Such courses must be approved by an appropriate counselor in advance.

B-School Requirements

B-School has a requirement of ⁴⁸X semester hours for the MBA degree. Dual degree candidates are required to complete (X-12) semester hours at B-School with the shortfall of 12 semester hours covered by transfers from Thunderbird. *we could have up to 13*

(Details must reflect the requirements of B-School degree.)

Most students will wish to begin their program at B-School so that they may take maximum advantage of the specialized international courses offered at Thunderbird. A few students may begin at Thunderbird and those students will

be given the opportunity to enroll in substitute courses at B-School where courses taken at Thunderbird essentially duplicate required B-School courses.

It may be advisable to create a joint faculty committee to establish equivalencies of courses between the two schools.

4. Tuition and Fees

Students shall pay the appropriate tuition and fees to the institution of attendance, which shall provide all student services during the time of attendance on that campus.

5. Placement Services

Students shall have access to the Placement Services of both institutions during the final semester of study, regardless of which campus is the campus of attendance.

6. Graduation Requirements

Dual degree students shall complete requirements for both degrees before either degree shall be awarded.

7. Other Transfer of Credit

Students attending both institutions, but not as approved dual degree candidates, shall not be granted the credit transfer rights specified above.

8. Either institution may notify the other that the agreement is terminated provided there is a two year notice.

GENERAL FACULTY MEETING 10/8/93 MINUTES

Dean Kraft called the meeting to order at 1:10PM.

1. The minutes of general faculty meeting of September 24, 1993 were approved as distributed.
2. Dean Kraft requested that someone "move" that we suspend the quorum rules. A motion was made and seconded to suspend the quorum rules. A memo will be sent to the faculty in order to give others the opportunity to cast a vote on the BABA Proposal. Mark Rush presented the BABA Degree as an action item. A motion was made and seconded to pass the BABA Degree as described in Attachment 2 of the Agenda.
3. Dean Kraft encouraged all of the Senate Representatives from the College of Business be present at the next Senate Meeting since the BABA degree will be an item on the agenda. If the BABA Degree is successful at this point admissions would start in January.

A motion was made and seconded to adjourn the meeting at 1:10PM.

GRADUATE FACULTY MEETING 10/8/93 MINUTES

1. The minutes from the 9/24/93 were approved as distributed.
2. Information Item: Dean Kraft explained that we have been approached by the American Graduate School of International Management about entering into a dual degree with them. Chris James described what they are proposing. This proposal involves having students be able to transfer 12 hours from Thunderbird into our program and likewise they would accept 12 UF hours into their program. The program is very well regarded by recruiters and students. They have their own facilities in Japan with an emphasis on cultural studies. Chris James referred to the Business Week survey for interested faculty. Dean Kraft pointed out that our advantage was having access to their placement. It was stated that they have a very good program. Under the proposal, we would control the admission for our program and they would control the admission for their program. This will appear as an agenda item to be voted on at the next Faculty Meeting which will be on December 10, 1993.

A motion was made and seconded to adjourn the meeting at 1:20PM.

GENERAL FACULTY MEETING
DECEMBER 10, 1993
MINUTES

Meeting was called to order at 1:05 PM.

1. UNDERGRADUATE COMMITTEE

-It was stated that the BABA degree was passed by the University Senate on December 9, 1993.

-Dean Kraft mentioned that the BABA Degree is believed to begin in January.

-Mark Rush explained the curriculum change briefly: To remove the pre-elective credit restriction in Military Science. A motion was made, seconded, and passed to approve this change.

A motion was made to adjourn the meeting at 1:10PM.

GRADUATE FACULTY MEETING

1. MBA Program Dual Degree

Steve DeKrey emphasized that this offers a lot of options to our students. There were no questions. A motion was made to offer this option. The motion was seconded and passed.

DEAN'S REPORT: It was stated that Dean Kraft is working on getting 3 different task force committees for the Undergraduate Program.

-A focus group to look at the Undergraduate Program with some faculty, students, and administrators-if this works out other focus groups will be assigned to look at MBA and Ph.D.

-TIP Faculty- Awards made and announced. This will continue next year.

-A group to consider an international course(s) for the undergraduate curriculum.

-A group to consider a topics course for the undergraduate curriculum.

The meeting was adjourned at 2:15 PM.
