**GRADUATE FACULTY MEETING** *(Immediately following the General Faculty Meeting)*  
**MINUTES | FRIDAY, NOVEMBER 20, 2015 | 9:30 A.M. | HOUGH 120**

1. A motion was made to approve the October 22, 2015 Graduate Faculty Meeting Minutes. The motion was seconded and the faculty voted to approve the minutes as presented
2. A motion was made to approve the following item as presented by the **MBA Committee**. The motion was seconded and the item was approved as presented.

**Rationale:** The MBA program currently has two statistics courses required for the degree, one is an introductory statistics course (QMB 5304) and the other is designed specifically for graduate business students to utilize inferential statistics in the business environment. Based on an evaluation of the curriculum and course work required to achieve desired learning outcomes, the MBA curriculum committee determined the content in QMB 5305 was sufficient for the MBA degree. Further, the curriculum committee determined that the necessary content from QMB 5304 to prepare students for QMB 5305 could effectively be covered by building the content into an already required "boot camp" that takes place during orientation (we would add necessary statistics basics to math and accounting basics). The MBA curriculum committee plans to implement a course to replace QMB 5304 that focuses more heavily on quantitative decision tools that will provide critical learning outcomes for the students and the companies that hire them. In the short-term, an approved elective will be offered to students in place of QMB 5304. In the long-term the curriculum committee will evaluate this replacement course to determine if it or a new course will best meet the needs of the students. This would also apply to major code BTR.

3. Other Business - none
4. Dean's Report - none

A motion was made to adjourn the meeting. The motion was seconded and the faculty voted to adjourn.
