4. DEAN'S REPORT

Dean Kraft reported as of now there is no new information on the budget cuts. He commented on the information stated in the newspaper regarding the last set of cuts being held up by law suits. He stated that revenue collections are about the same and that Provost Sorensen thought we might have restoration of funds. Dean Kraft also stated that the private giving is coming along rather well with the capital campaign ending at 133% of goal.

Dean Kraft reported briefly on his international trip stating that he and Roy Crum visited a number of schools signed several agreements, set up opportunities for undergraduate, graduate students, and faculty exchanges. He mentioned that we are hoping to send about 200 of our students overseas giving them the opportunity of going for summer programs, semester programs, intensive language programs, or internships. There are opportunities where two universities may employ our faculty and offer our programs at their school. Students would pay their tuition but this is still being worked on, and depends on whether we would have summer school.

5. OTHER BUSINESS

J.B. Ray introduced Professor Jerczy Maczynski, who is visiting from Poland and will be here through February. Faculty were encouraged to stop in and see him.

A motion was made and passed unanimously to adjourn the meeting.
