UF Bergstrom Center hosts annual networking reception at ICSC Florida Conference

Gainesville, FL. – August 5, 2014 - As the ICSC Florida Conference gears up August 24-26, 2014 at the Gaylord Palms Resort in Kissimmee, FL, the UF Bergstrom Center for Real Estate Studies is pleased to host a networking reception on Monday, August 25 from 6-9pm in the Orange Blossom Ballroom- an event that gathered over 350 attendees last year.

Although ICSC attendees love to network with their own industry insiders, there is a growing need to connect with other real estate industry professionals, students, and guests that the UF Bergstrom Center attracts. With several receptions held throughout the night, we are pleased that our reception continues to grow each year.

This year, the reception cost is sponsored by GrayRobinson P.A. and Miller Construction Company.

The reception is free, but space is limited. If you are interested in attending, please register online at realestate.ufl.edu or contact the Bergstrom Center.
