

Bachelor of Arts in Business Administration

Area of Specialization: *Agricultural Operations Management (AOM)*

Description

The Agricultural Operations Management program incorporates today's emerging technology with business principles to improve the environment, agriculture production, technical sales and the safety and efficiency of facilities and operations. Graduates with agricultural expertise and business savvy are highly valued by employers and can successfully explore careers in a wide variety of commercial business operations, from managing environmental systems to construction management to aquaculture to technical sales. For career information view: <http://www.crc.ufl.edu/>
