

## **Bachelor of Arts in Business Administration** **Area of Specialization: *Soil & Water Sciences (SLS)***

### ***Description***

The College of Agricultural and Life Sciences offers an area of specialization in Soil and Water Sciences. This area provides students with information about managing land and water resources. Students will take crop production and environmental courses as part of this area of specialization. For career information view: <http://www.crc.ufl.edu/>

### ***Requirements***

Students are required to have a minimum of four classes totaling 12 hours from any of the 3000-4000 level courses listed below and maintain a minimum 2.0 Area of Specialization GPA. Be sure to check course prerequisite requirements.

ALS 3133	Agriculture and Environmental Quality
SWS 3022	Soils in the Environment
SWS 3022L	Soils in the Environment Lab
SWS 3022L	Soil Judging
SWS 4116	Environmental Nutrient Management
SWS 4231C	Soil, Water, and Land Use
SWS 4244	Wetlands
SWS 4245	Water Resources Sustainability
SWS 4303C	Soil Microbial Ecology
SWS 4307	Ecology of Waterborne Pathogens
SWS 4451	Soil and Water Chemistry
SWS 4602C	Soil Physics
SWS 4715C	Environmental Pedology

### ***Contact Information***

You are always welcome to meet with an Advisor in the School of Business, however, advising specifically related to Soil and Water Sciences is available through the department in the College of Agricultural & Life Sciences. For registration, scheduling, and area-specific questions, please contact:

Dr. James Bonczek  
[bonczek@ufl.edu](mailto:bonczek@ufl.edu)  
352-294-3112  
2195 McCarty A

Department Website: <http://soils.ifas.ufl.edu/academics/undergraduate-studies/>

### ***Minor Option***

A minor is available in this Area of Specialization. To complete the minor students must earn 15 credit hours with grades of a C or better in each course. More information about the Soil and Water Sciences minor is available at:

<https://catalog.ufl.edu/ugrad/current/agriculture/minors/soil-and-water-science.aspx>
