I studied abroad because...

I wanted to go out of my comfort zone and experience a new culture.

My favorite spot in my host city was...

Trastevere was a small district that had many little shops and restaurants! I liked it because there weren't as many tourists and a lot of young people went here.

My typical breakfast abroad...

Cappuccino and croissant

The weirdest food I tried while abroad was...

Ox tail

My biggest challenge before studying abroad...

Was coming to terms with the fact that I didn't know anyone on my program. I brought back some great friendships that I made with other students abroad though.

One cool experience I had abroad was...

Going on a vespa tour through Florence and Tuscany! We also got to go see the Pope speak at the Vatican.

One volunteer experience I had abroad was...

I got the opportunity to hand out food to the homeless in Vatican City.

Something I took away from my time abroad is...

Make sure you live in the moment and make everyday count.

The most surprising thing about studying abroad is...

I was surprised at how comfortable it felt to travel everywhere.

Lastly, I would like to tell you...

Be open to new cultures and make the most of your time abroad!
